POCKET CHANGE FOR CAMPERS

Every morning we take a moment for nutritious snacks, which each camper could bring from home or have money available to get something from the camp store. Throughout the weeks we see campers use pocket money for the store, ranging from \$75 - \$100. Overnight campers this could be more due to weekend trips and the extra special places we take in.

Make sure everything is marked with camper's name. No knives, fireworks, spears, machine guns, dynamite, bad magazines, t-shirts with offensive logos, chewing tobacco, etc. etc. etc.
